

Inicio

```
graph TD; Inicio([Inicio]) --> LeerLado[/Leer Lado/]; LeerLado --> AreaCalc[Area=Lado*Lado]; AreaCalc --> Fin([Fin]);
```

The flowchart consists of four main components arranged vertically. At the top is an oval labeled 'Inicio'. A downward-pointing arrow connects it to a parallelogram labeled 'Leer Lado'. Another downward-pointing arrow connects the parallelogram to a rectangle labeled 'Area=Lado*Lado'. A final downward-pointing arrow connects the rectangle to an oval labeled 'Fin' at the bottom.

Leer Lado

$\text{Area} = \text{Lado} * \text{Lado}$

Fin
